

## AD-HOC COMMITTEE ON FACULTY GOVERNANCE

The Faculty Affairs Subcommittee of the Academic Council proposes the establishment of an *ad hoc* committee on Faculty Governance (as described and constituted above) to 1) systematically survey faculty opinion on the state of faculty governance at the University of Notre Dame; 2) outline and clarify the current mechanisms of faculty governance; 3) determine what constitute legitimate issues falling under the purview of faculty governance; 4) ascertain senior administrators views of the role of faculty governance to determine if there is a disconnect with those of faculty members; and based on 1-5, 5) offer recommendations for enhancing faculty governance at the University of Notre Dame going forward.
