

UNIVERSITY OF
NOTRE DAME

FACULTY SENATE

Memorial Resolution – September 2011

Recognizing that the accomplishments of the faculty of the University of Notre Dame are inextricably linked to the hard work and fellowship of those who have come before us, we, the members of the Faculty Senate, acknowledge those faculty who have passed away during the last academic year:

With respect for the contributions each person made to our common life together and with sadness over their passing away, the Faculty Senate offers a moment of silence and prayer, and extends its condolences to surviving family and friends.

The Faculty Senate invites any faculty who so desire to submit personal memorial statements on behalf of any of these deceased faculty. Any submitted statements will be posted on the Senate webpage.
